BESPOKE CORPORATE WINE EVENTS

CORPORATE WINE EVENTS

I design and host corporate wine tastings and wine-led events for professional services firms in London, across the UK and internationally. Elizabeth & Wine specialises in client entertaining, leadership events, International Women's Day, office openings and end-of-year corporate celebrations. These are senior-level events designed to strengthen relationships, support business development and protect brand reputation. Events can be hosted in your office or at a carefully selected external venue, depending on the audience, objectives and level of formality required.

"One of the best team socials we've had. Professional, fun and so well run."

CORPORATE WINE EVENT FORMATS

While every event is bespoke, these are the formats clients return to most often.

Wine Dinners FROM 10 GUESTS

Intimate, conversational corporate wine tastings hosted as seated dinners or relaxed standing events. Designed for close client relationships, journalists and deeper discussion.

HOGAN LOVELLS & VODAFONE AT MOUNT STREET RESTAURANT

Networking Events 25-60 GUESTS

Standing networking events with light structure. Personal, unstaged and well suited to mixed client and journalist audiences.

CYNERGY BANK AT STEM & STEM

Wine Safaris 60+ GUESTS

A structured, roaming corporate wine format with hosted stations. Designed to create flow, energy and natural networking at scale.

BANK OF NEW YORK MELLON AT LONDON CITY ROOFTOP

Casino-Style Wine Experiences

Interactive, blind wine experiences where guests guess the price of wines (£10-£100). Fast-paced, competitive and highly engaging — ideal for conferences and end-of-day finales.

HOGAN LOVELLS IN-OFFICE EVENT

Corporate wine events designed to support press relationships, visibility and senior stakeholder engagement. Structured to feel relaxed, conversational and non-performative.

THEMES & CONCEPTS

The aim is never to test wine knowledge. It is to create warmth, flow and easy conversation. Each corporate wine event is themed to suit your audience and objectives, including:

VENUES I LOVE WORKING WITH

I work regularly with a small number of trusted venues that understand hospitality, atmosphere and professional audiences. A few favourites:

Farm Shop **AUDLEY STREET**

You are walking into a farm shop come wine bar with hanging charcutier and its own cheese room. Relaxed, fabulous with outstanding food.

UP TO 40 PEOPLE

Stem & Stem **BANK / ST PAUL'S**

A florist combined wine a restaurant. Very chic, design-led and calm, with a strong focus on produce and seasonality.

UP TO 45 PEOPLE

Lady of the Grapes **COVENT GARDEN**

Welcoming, walking in to a French wine shop with over fantastic food, homely feel, perfect for thoughtful client entertaining.

UP TO 25 PEOPLE

VIRTUAL & HYBRID CORPORATE WINE TASTINGS

I also host virtual and hybrid corporate wine tastings for international teams and multi-office client events.

PROVEN CASE STUDIES

Taylor Wessing

What Makes a Good Networking Event? Lessons from a Taylor Wessing Wine Series.

Most client events are pleasant. Very few are memorable. The problem isn't effort or budget — it's that the same familiar formats rarely give guests a reason to properly engage with each other, or with the firm hosting them. People arrive, exchange pleasantries, drink something perfectly nice, and leave without having had a single conversation they'll remember on Monday morning.

WOMEN IN PROPERTY · DAYTIME EVENT · 45 GUESTS

Cynergy Bank at Stem & Stem

I had the absolute pleasure of hosting a daytime Women in Property event at Stem & Stem recently. A 2:30 to 5:00 pm gathering felt like such a refreshing change, and the afternoon sun streaming through the windows created the perfect backdrop for relaxed conversation over a thoughtfully curated selection of wines. With 45 remarkable women in the room, including guests from Cynergy Bank, the energy was palpable. Conversations flowed effortlessly, connections were made.
